

CCS HARDWARE SOLUTIONS

Welcome Pack (1 per club)

200 Keyfobs + 2 RFID Scanners 58,50€ (+VAT)

Keyfobs and RFID Scanners

The standard way of identifying our members is by linking a keyfob to their members profile in our software.

Keyfob is used as members ID and is unique to each member. It will be needed to enter the club, to identify themselves in the software and get dispensed.

No data is stored on the keyfob.

The club can opt as well for personalized cards (with your logo or any other design), they are used exactly the same as the keyfobs.

Price for additional keyfob:

Blue: 0,29€ (+VAT)

Other colours: 0,42€ (+VAT)

Price per additional RFID Scanner:

17,55€ (+VAT)

Ecological RFID customized cards

The wooden cards are sustainable, recyclable and reusable.
The shape can be customized too.

500 cards: 1,55€/u + IVA

1000 cards: 1,45€/u + IVA

It is a full desktop computer, with operating system but without a screen. It is very small, easy to use and discreet.

Characteristics:

- 4 USB,
- 1 Ethernet,
- 1 HDMI
- 1 audio
- Wi-Fi
- Bluetooth

Prices:

16GB: 140€ (+VAT)

32GB: 155€ (+VAT)

64GB: 165€ (+VAT)

Cannador to control your members visit log

Some of our clubs want to know how long the member stays in the club, how often they come, when they come,...

This Cannador comes with the software and a USB RFID Scanner.

How it works:

The member scans the keyfob via RFID Scanner that is normally located next to the entrance / exit of your club. This reader is connected to our system and each time a member enters/exits the visit is logged in their profile.

If your club has a minimum visit of X minutes in the club and the member stays less, a warning will appear on the screen and it will be recorded on their profile.

Price: 160€ (+VAT) (**Screen not included*)

Cannador to control access

This Cannador comes with software and connections (relay + cables) to control a door. It is connected to an electric lock.

How it works:

When a member passes their keyfob, the door opens for X seconds.

Price: 160€ (+VAT)

Digital table waiter' Cannador

No waiting lines in the dispensary. With this solution you can attend your partners at the table.

How it works:

When someone at a table scans their chip, a flashing waiter icon will appear in the workstation:

When they click the "waiter icon", the list appears, showing member, scan time and table number.

Price: 160€ (+VAT)

Reader for Tablets/iPads

Our software can be used on several devices and one of them is a tablet. In order to use our software on your tablet, you will need our solution.

How it works:

It is composed of a box and a reader. The reader is not plugged into the tablet but is an independent module located wherever you want and it communicates with the tablet via internet.

Price: 160€ (+VAT)

Tablet TAB A (2016) 7"
